## **SF Business Times Names ADVANTIS Global, Inc. the #1 Fastest Growing Private Company for 2010**

Oct 26, 2010 7:20pm EDT

ADVANTIS Global, INC., a provider of Staff Augmentation, Project Consulting, and Contingent Workforce services to Fortune 500 & mid-market clients nationwide, has been named to the #1 spot on San Francisco Business Times "Top 100 Fastest Growing Private Companies" list for 2010. The prestigious accolade was announced by the Business Times on October 20 to a group of recipient CEOs during an awards reception at the Hilton San Francisco.

"ADVANTIS Global has quickly emerged as one of the elite staffing firms on both the local and national level," said U.S. Bank President of Northern California Michael Walker. "They are highly regarded and a valuable strategic business partner." As companies have struggled to establish balance between short and long term staffing objectives in the midst of a challenging economic environment they've placed increasing reliance on contract workers to get the job done. "Finding and hiring the right people is our most important challenge," said ADVANTIS Global Inc. CEO Bryan Barber. "All our success comes from that." Barber says ADVANTIS helps clients keep projects moving and remain competitive while mitigating the risk and hassles of on-boarding and off-boarding full-time help.

ADVANTIS Global has grown its initial contractor list to the current level of 250 today. Jeff Taylor, the company's COO, expects to expand that contractor list to 400 or 500 within the next year. ADVANTIS Global's long term goal is \$500 million in revenue within the next five to ten years. The competitive landscape is crowded but as co-founder Taylor says, "We just focus on delivering to the customer. We don't worry about the competition."
